SUPPLIES of Registered Seed are rapidly growing less than

to seeding is the same through the grain trade, particularly resistant varieties of wheat and oats. Order supplies no spring planting.

Registered Seed is pure as to variety. It therefore gives assurance in yield, quality and grade. It requires no cleaning. It is sold only in sealed containers, government-tagger government-inspected.

**Buy Registered Seed!**

For information regarding sources of supply of approved varieties to the District Supervisor, Plant Protection Division, write to the District of Agriculture, in the district, the

Food supplies are important in wartime—  
This year, plant and raise only the best
